Why yourChoice?

Edge-to-Edge

Printing is done before assembly, allowing you to maximize the space of the design across the entire surface. No limits!

Unlimited colours

In addition to a wide range of predefined colours to choose from, the product can be custom-made in your company's colours.

Custom shapes

Go beyond the ordinary and create unique products in the size and or shape of your choice.

A RESPONSIBLE COLLECTION

This collection of daily enjoyable functional items is carefully assessed to increase brand-awareness whilst assuring a respectful use of materials and a longer-lasting product. Ensuring that our actions incorporate these beliefs means rethinking every step of the product development process and our entire operation. Integrating sustainability in the material selection, production, personalisation and packaging methods are examined and potential improvements are continuously implemented. We are committed to conduct business in a responsible and trustworthy manner.

PLANET

Sustainable solutions

By strongly reducing the use of virgin plastic and rethinking the most efficient way to pack the goods, both individually and for onward distribution, we can reduce waste and influence our environmental footprint. Our printing process requires the safe use of all production inputs, such as inks and the control of all production outputs and emissions.

PEOPLE

Social responsibility

Whilst creating the More Than Gifts collection, we prioritise well-being, inclusion, health and safety for the people involved. By fostering social responsibility through proactive risk assessments, philanthropic initiatives, and meaningful stakeholder engagement, we aim to create positive and lasting social impact.

PROMOTER

Championing traceability

By promoting sustainable practices for material sourcing, manufacturing and logistics, we will act ahead of legislation, push the boundaries, and take responsibility across our entire supply chain.

CHANGE

Creating awareness

Driving the shift towards sustainability by sharing knowledge and delivering powerful communication that inspires to raise awareness, foster collaboration, and implement responsible practices within the industry. Through strategic partnerships and educational initiatives, we motivate progress and encourage critical thinking for a more sustainable future.

COTTON

Bags made of cotton are durable, easily washable and help to reduce pollution. Organic cotton is similar to cotton with the difference being it is naturally grown without the use of any pesticides, herbicides, fertilizers, or any other chemicals. The number of organic cotton farms is increasing quickly however still accounts for a very small part of overall cotton production worldwide.

RECYCLED PRE-CONSUMER COTTON COMES FROM THE WASTE THAT IS PRODUCED IN THE MANUFACTURING PROCESS OF COTTON GARMENTS AND BAGS. THE SCRAPS, YARN ETC ARE COLLECTED AND RE-USED.

FULLY CUSTOMISED COTTON BAGS
